Demand for Smoothies

Healthy treat options are in demand and the fruit-based smoothie option fits nicely within this trend, especially in the soft-serve frozen yogurt stores.

Straightforward Solution

Stoelting's® smoothie conversion kit allows for changes to your existing equipment with a program upgrade - forgoing the cost of purchasing an additional machine.

Flexibility

The flexibility of the IntelliTec2™ control makes it simple to modify and develop alternate settings based on a variety of smoothie mix options. Stoelting's® commitment to innovative controls provides our customers with the best possible solution to meet their needs.
