

AutoVend Self-Serve Soft Serve / Yogurt Machine

AUTOVEND

Quick-serve frozen yogurt or soft serve machine that dispenses a customizable frozen treat within 30 seconds

SIMPLE TO IMPLEMENT AND OPERATE

- Menu selections include portion size (small, medium or large), one of two flavors to dispense individually or combined as a twist, along with up to four toppings
- Frozen treat is dispensed with a spoon
- Payment options include cash, credit or debit, and Near Field Compliant (Apple Pay)
- Plug-and-play ready, the operator control system features programmable menu options displayed on bright and colorful, easy to navigate digital screens

EASY TO SERVICE

- Service alerts are sent via text message to the operator
- Maintenance and cash box doors are accessed with different keys for security

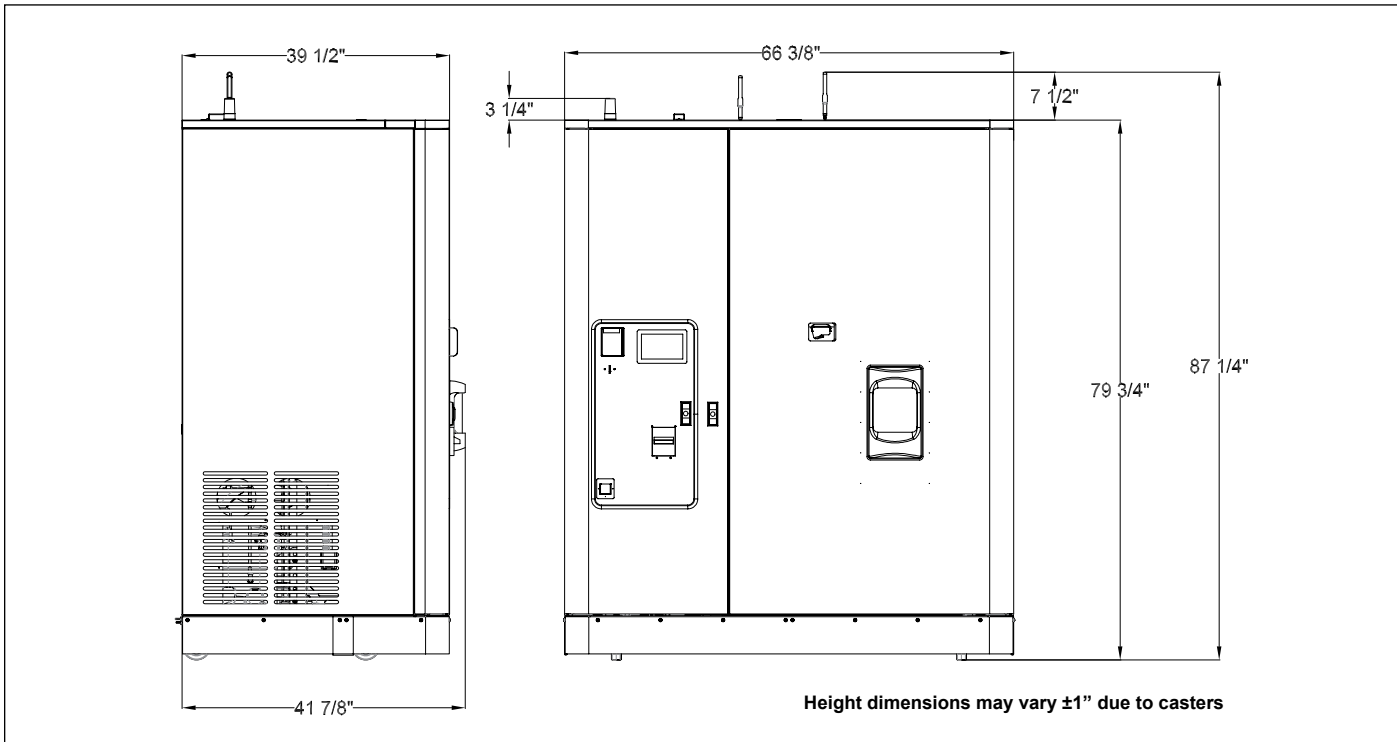

The machine's exterior can be custom branded

DASHBOARD REPORTING

- Robust reporting interface dashboard capable of connecting and monitoring the machine through Wi-Fi or cellular 3G/4G at any time
- Customizable reporting interface features real-time product inventory management including amount of product sold, trends, and historical data versus real-time information, along with monitoring product temperatures and maintenance frequencies
- Stay up to speed on sales with a robust dashboard reporting interface
- Service Management – Instant email notification of a problem detection. Automated technician dispatch through service channel
- Customizable Dashboard – Customize the different performance parameters to monitor equipment anytime, 24/7. Create alarms that are specific to your business needs
- Product Quality – Maximize product quality by using product specific control parameters
