DESCRIPTION

The award-winning AutoVend is a quick-serve frozen yogurt or soft serve machine that dispenses a personalized frozen treat within 30 seconds. This automated machine allows users to choose their size, flavor, and toppings from an easy to navigate digital screen. The AutoVend can be operated 24/7 and is perfect for any location - from schools to convenience stores and more. This machine is designed to generate revenue with a significantly lower investment in retail floor space, operations and staffing.

Every machine includes Stoelting's White Glove Service. One call does it all – customer service, technical service, parts or warranty information, installation, startup, sales, on-site service dispatch and much more. Available 24 hours a day, seven days a week year-round.

Continuous research leads to ongoing product improvements; therefore, these specifications are subject to change without notice and should not be used as installation specifications.
